Soda Fountain, Counter, Fixtures and Generator. A. R. CHAMPNEY, Perrysburg.

—John Wygant is reported quite ill. He was taken very suddenly and heart trouble seems to be the cause.

—Wm. Barton will go to Cincinnati this week, and while absent will make extensive purchases for his dry goods store. His many customers will be given the advantage of fine goods at his customary reasonable prices.

—"Gentle Spring" loses many of its terrors when the system is fortified by the use of Ayer's Sarsaparilla. With multitudes, this wonderful tonic-alterative has long superseded all other spring medicines, being everywhere recommended by physicians.

—John Barton, finding it necessary to live nearer his work, has moved his household goods to Toledo, and will reside at 714 Prouty Ave. He does not expect to remain away from Perrysburg for very many months however, and hopes to return here in the Fall.

—It is a notorious fact that since Degner has entered the field with his cigars his competitors have sought all kinds of means to crowd him out. But can they do it? No! not as long as he makes as good a cigar as he is making now, and as long as the smoking public will appreciate his desire to keep a good cigar on the market, they will never do it. When the question arises as to who makes the best K. P. cigar, the answer will be, Degner.

—The severe thunder storm on last Saturday night was a good one for the beginning of the season. There was considerable sharp lightning and heavy thunder, but no damage done in this immediate vicinity. Geo. Truman, living near LeMoyne, had a call from the electric current which struck his windmill and badly wrecked it, and the flying debris, and the force of the shock broke a large number of panes of window glass, and extinguished the lights in the house, and Mrs. Truman and daughter being alone at the time were badly frightened but not injured.

### The Limited Mail.

A bigger success than the "Limited Mail" never was launched, and the theatre will be packed at every performance. Matinees Tuesday, Thursday and Saturday. Prices 15, 25 and 35 cents.

### A Puzzling Position.

When so many advertisers resort to such bombastic utterances as we read every day in regard to great special sales, goods sold at cost and below cost, and such utterances that are designed to catch an unthinking public it is rather a puzzling question how a concern that does not believe in doing business that way can make an advertisement attractive. Lamson Bros., are probably the only Dry Goods firm in the state that never have special sales, never advertise the price of goods either in the papers or their windows.

They do not claim to sell goods at or below cost. They do not cater to the customer that they can see to-day but expect never to see again. It is steady business they cater to and the people that traded with them six years ago are trading with them now and have brought their friends. You ask how they do it. Here is the secret. They never buy or offer for sale inferior or imperfect goods, just so they can be sold cheap. All goods are guaranteed exactly as represented and are sold at as low a profit as is consistent with good business principle. They never urge a customer to purchase but show goods freely whether you wish to buy or not; they are strictly one price, guarantee goods and prices and will refund the money at any time when prices or goods are not satisfactory. They are now showing all the new spring goods and if you have never traded with them we would advise you to try it this season.

### A Mute Recovers Speech.

Alphonse Hemphing, of Summit township, Butler Co., Penna., made an affidavit that his twelve-year old son, who had had St. Vitus' Dance for twelve years, lost his speech, was completely cured after using three bottles of Dr. Miles' Restorative Nervine, and also recovered his speech. Thousands testify to wonderful cures from using it for nervous diseases, dyspepsia, nervous debility, dullness, confusion of mind, headache, etc. Four doses of this Nervine cured Mrs. W. E. Burns, South Bend, Ind., who had been suffering with constant headache for three months. Trial bottle and elegant book free at A. R. Champney.

## Post-office Rules.

1st. In calling for mail give your name and number of box in a plain and distinct voice, so as to be easily understood.

2nd. Do not stand where you can not be seen, but step to the nearest delivery to your box. Do not rap on the box, but call out your name and number.

3rd. When box rent is due pay promptly and not cause the postmaster to notify you three or four times that your rent is due.

4th. When paying box rent be sure and get a receipt for same before leaving the office. The postmaster is always prepared to give you receipt, and if he forgets call his attention to it. Do not leave the office until you have receipt in your possession.

5th. After getting receipt put it away and keep it until next rent is due. Do not destroy it or throw it away as a receipt is a good thing to have. Postmasters are liable to make mistakes the same as all other people.

6th. If the patrons of the office will observe these rules, they will save a great deal of trouble (and very often hard feelings) between themselves and the postmaster.

7th. Always rent a box and have your mail placed in it. The rent is nothing compared with the convenience of having a box of your own.

**ARMY AND NAVY SUPPLIES.**  
The Government Buying Royal Baking Powder.

Large purchase of baking powder have recently been made by the United States Government. In one lot 80,000 lbs. were bought of the Royal Baking Powder Company.

During the last year, including the contract just made under date of March 5, the Royal Baking Powder Company has supplied over 212,000 pounds, or 106 tons, of baking powder for the United States Government and its Army and Navy officers.

For many years the Government has given its orders for Royal Baking Powder in preference to all others, it being found that this is the only Baking Powder that will keep and retain its strength in the various climates to which it is sent by the Department.

Whenever the Government wants the most trustworthy article and the best in quantity it prefers the Royal, as this brand was found to be superior to all others in leavening power by the official chemical tests, made at the instance of the Government, in the Agricultural Department, at Washington.
